

Cordless rebar tying tool

TR001GZ

Напрежение:	40 V max XGT
Капацитет на батерията:	2,0 / 4,0 / 5,0 / 8,0Ah
Вид на батерията:	Li-ion
Диаметър на телта:	1,6mm
Applicable rebars:	2 palici: D10 - D35; 3 palice: D10 x D32; 4 palice: (D10x2) x (D10x2) / (D16x2) x (D16x2)
Шум: звуково налягане:	80dB(A)
Шум: звукова мощност:	88dB(A)
Шум: отклонение:	3,0dB(A)
Вибрации: отклонение (K):	1,5m/s ²
Размери (Д x Ш x В):	375 x 113 x 331mm
Тегло:	3,3kg
:	Макрас 4

- Suitable for: professional concrete workers, rebar installers, and construction site technicians
- Wire pullback mechanism ensures tight and secure ties by retracting the wire while holding its tip
- Dual BL motors for twisting and feeding provide stable performance with 1,6 mm annealed wire
- Clockwise wire twisting reduces the chance of loosening during manual retightening
- Tying strength adjustment with 6 stages allows precise control for different rebar sizes
- Capable of tying two, three, and four-rebar combinations
- Equipped with anti-restart function and trigger lock
